

Tasting Notes

This Pinot is leap out the glass good. The wine has a beautiful rich nose of blackberry pie fresh from the oven with maybe an edge of blueberry. In the mouth there is a velvety richness with bright red fruit flavors and a nudge of black pepper and exotic spices. The sweet berry center has a tad of vanilla or honey that heightens that central sweet spot and escorts the wine through a valley of subtle complexities that add to the melding of berry, earth and graveliness as it dances across your pallet.
